Certifications and Patent

- Patent No. 1835878
- Directive 93/42/CEE - Medical Device - DM 351258/R
- Directive 2006/42/CE - Machine Directive
- Directive 2004/108/EC - EMC Electromagnetic Compatibility

SAFETY MEETS THE DESIGN!

BLUPOOL is a medical device which enables the access to the pool to people with reduced mobility in a safe, comfortable and functional way. Blupool is the result of the evolution of the best selling model BLUONE which has been on the market for over 10 years. This new pool lift is improved in the design, technology and lifting capacity. In developing this model too, we have taken care ensuring all the safety levels, for both the user and the operator, which are present in all our equipments

>NEW DESIGN

Specifications for BluPool

- Maximum Capacity : 140 kg
- Maximum arm travel : 1400 mm
- Depth of seat inside the water : 820 mm
- Time of lowering with weight : 25 sec
- Time of lifting with weight : 18 sec
- Weight of the machine : 150 kg
- Battery : 12 V
- Power : 24 V

TECHNICAL FEATURES BLUPOOL

- Starting Key
- Emergency mushroom shaped button
- Battery charge level indicator
- External battery charger
- Autonomy : 80 complete cycles
- Hydroelectric box
- Manual lowering and lifting system in case of problems with the electric system
- Brake lever with electric release
- Service brake on front wheels
- Safety front rubber stoppers
- Painted stainless steel frame for the parts in contact with water
- 2 point safety belt
- Pivoting rear wheels

OPTIONAL

- Infrared detecting system with sound alarm to monitor nearing to the pool edge.
- It is to be stopped by braking.
- Removable leg support
- 4 point harness
- 5 point harness
- Handset to control lifting and lowering operations in autonomy
- Cover

PORTABLE POOL LIFTS: BLUE POOL
